Don't You Know

that you can secure al-
most immediate relief
from indigestion, and
that uncomfortable full-
ness after meals, by sim-
ply taking a dose of Sim-
mons Liver Regulator?
Some people think that
because it is called Liver
Regulator it has nothing
to do with indigestion
and the like. It is the
inaction of the liver that
causes indigestion, and
that fullness; also Con-
stipation, and those Bil-
ious Headaches. Millions
have been made to under-
stand this and have been
cured from these troubles
by Simmons Liver Regu-
lator—a medicine unfail-
ing and purely vegetable.

From Rev. M. B. Wharton, Baltimore, Md.
"It affords me pleasure to add my testi-
mony to the great virtues of Simmons
Liver Regulator. I have had experience
with it, as occasion demanded, for many
years, and regard it as the greatest medi-
cine of the times. So good a medicine
deserves universal commendation."

RESTRICTING TRADE.

The treasury department of Mexico
has furnished some information of a
statistical nature, from which the
PROSPECTOR is enabled to make the
following startling deductions:

For the fiscal year 1889-90, which
was just prior to the passage of the
McKinley bill, Mexico sold to the
United States \$134 worth of hogs and
\$111,217 worth of cattle, or a total of
\$112,651 worth of live stock.

For the same period Mexico pur-
chased from the United States hogs to
the value of \$564,462 and cattle val-
ued at \$112,671, and other meats val-
ued at \$6,649, or a total of \$683,782.
The balance of trade, as will be seen
by the above official figures, was in
favor of the United States by the
round sum of \$571,000.

After the passage of the McKinley
act, Mexico, owing to the prohibitory
duty of \$10 per head placed on Mexi-
can cattle, did not export any cattle
or hogs to the United States.

On the face of this statement the
high tariff advocates will argue that
this helps the American cattle grower.
But not so.

The Mexican government, almost
immediately after the passage of the
act imposing a duty of \$10 per head
on cattle imported into the United
States, retaliated by placing a ridicu-
lously high duty on hogs and cattle
imported into that country from the
United States, which cut off that
country as a market for American
cattle and hogs.

The growing trade in live stock,
which favored American growers to
over half a million dollars, was thus
cut off.

There must be several truths appar-
ent, even to casual observers of the
cattle industry in Arizona and Texas:
The McKinley bill did not raise the
price of cattle.

All cattle raised in Mexico find a
market in the eastern and middle
states.

Every dollar acquired by the cattle
men of Mexico in the sale of their
cattle in the United States is spent in
the United States. Nine-tenths of all
the cattle owners in Mexico are Amer-
icans, whose money is spent in the
United States.

With the repeal of the \$10 duty
clause of the McKinley act Mexico
will reciprocate, and the superior live
stock of our country will again find
a profitable market in our neighbor-
ing republic.

If the care of the hair were made a
part of a lady's education, we should
not see so many gray heads, and the
use of Hall's Hair Renewer would be
unnecessary. 18

KNOWLEDGE

Brings comfort and improvement and
tends to personal enjoyment when
rightly used. The many who live bet-
ter than others and enjoy life more, with
less expenditure, by more promptly
adapting the world's best products to
the needs of physical being, will attest
the value to health of the pure liquid
laxative principles embraced in the
remedy, Syrup of Figs.

Its excellence is due to its presenting
in the form most acceptable and pleas-
ant to the taste, the refreshing and truly
beneficial properties of a perfect laxa-
tive; effectually cleansing the system,
dispelling colds, headaches and fevers
and permanently curing constipation.
It has given satisfaction to millions and
met with the approval of the medical
profession, because it acts on the Kid-
neys, Liver and Bowels without weak-
ening them and it is perfectly free from
every objectionable substance.

Syrup of Figs is for sale by all drug-
gists in 50c and \$1 bottles, but it is man-
ufactured by the California Fig Syrup
Co. only, whose name is printed on every
package, also the name, Syrup of Figs,
and being well informed, you will not
accept any substitute if offered.

NEWS BY WIRE.

Yesterday's attendance at the
World's Fair was the largest since its
opening.

Eight persons were killed in a col-
lision at Chicago yesterday on the
Big 4 road.

All the Chinese, some thirty in
number, were run out of Burbank,
Cal., yesterday.

W. H. Thomas, an attorney of Los
Angeles, committed suicide yesterday
by taking morphine.

Judge Ross of Los Angeles has de-
cided that a gambler is a laborer and
not a merchant.

The governor of Nebraska refuses to
send delegates to the Bimetallic con-
vention on the ground that it is revo-
lutionary.

caught by customs officers in the act
of entering the country contrary to
law, are under sentence of deporta-
tion.

The president has nominated W. B.
Hornblower of New York associate
justice of the supreme court of the
United States. Hornblower succeeds
the late Justice Blatchford.

Smith and Moore, the lumber deal-
ers of San Francisco, have settled with
their creditors and will resume. They
will pay 20 per cent this year, 30 per
cent next year and the balance in
1895.

Four masked men went to the
Little Johnnie mine near Leadville and
bound the watchman. They
then removed from fifteen to twenty
sacks of ore. There is no clue to the
robbers yet. It is claimed that the
ore is worth over \$10,000.

Eighty-five men arrived at Albu-
querque Saturday morning in two box
cars, the advance guard of 1,200, said
to be heading south from Pueblo and
San Juan. They were fed by the
mayor, rationed by merchants and
sent on over the Atlantic & Pacific.

Kidney Trouble.

Some of the most excruciating pain
comes from derangement of the kid-
neys. This is the testimony Senator
Henry C. Nelson of New York gives
as to the value of ALCOCK'S POROUS
PLASTERS in such cases:

"On the 27th of February, 1883, I
was taken with a violent pain in the
region of the kidneys. I suffered such
agony that I could hardly stand up.
As soon as possible I applied two of
ALCOCK'S POROUS PLASTERS, one over
each kidney, and laid down. In an
hour, to my surprise and delight, the
pain had vanished and I was well. I
wore the plaster for a day or two as
a precaution, and then removed them.
I have been using ALCOCK'S POROUS
PLASTERS in my family for the past
ten years and have always found them
the quickest and best remedy for colds
strains and rheumatic affections.
From my experience I believe they
are the best plaster in the world."

BRANDRETH'S PILLS tone up the
system. 18

THE Associated Press sends out a
synopsis of Gov. Hughes' report. In
it the governor is made to say:

That this year her gold productions
will exceed tenfold her silver output,
and hence she could be trusted to give
her vote for gold as against silver.

The PROSPECTOR does not believe
Gov. Hughes said any such thing in
his report. The Associated Press is a
gold bug concern that twists a mean-
ing to suit its stockholders out of
every utterance of every public man.

FORGOTTEN FIFTY YEARS.

An old well-tried remedy.—Mrs
Winslow's Soothing Syrup has been
used for over fifty years by millions of
mothers for their children while tooth-
ing, with perfect success. It soothes
the child, softens the gums, allays all
pain, cures wind colic, and is the best
remedy for Diarrhoea. It is pleasant
to the taste. Sold by Druggists in
every part of the world. Twenty-five
cents a bottle. Its value is incalcu-
lable. Be sure and ask for Mrs. Win-
slow's Soothing Syrup, and take no
other kind.

THE "KICKER" KORNER

BY GOSH.

Read His Obituary.

Col. Dougan, who ran with the first
machine in this camp, was reported
killed by a locomotive last week down
at Chicago. The report was verified
by a cipher message which was sent
to his wife to let her know of his de-
parture, in installments. It was sev-
eral hours before the truth dawned
upon her and she swooned just as
naturally as though her pet cat had
been brought to her a mangled corpse.
Owing to the expense of shipping the
remains, she sent word to bury him
where he fell, and the funeral cere-
mony was arranged by the widow for
the following Sunday at Dick Blood-
so's Retreat.

The minister was on hand and after
singing the "Fireman's Last Toot" the
sermon began.

"Col. Dougan is no more" said he,
"he was run over by an unseen hand
and his body has returned to its archi-
tect. Well do I remember the last

game we played for the tomatoes and
the Col's coolness as he slipped an
ace down his sleeve to complete the
constellation in his firmament. But
he is no more. His soul adds one
more to the victories which death has
wrested from our circle in Bangville
and added to the bright belt of O'Brien.
What is our loss is his gain. Let us
all drink to his health in the next
world and wish him success in his
political aspirations and pray that his
widow may get as lucky a partner as
the Col. for her next dance.

Among the incidents of childhood
that stand out in bold relief, as our
memory reverts to the days when we
were young, none are more prominent
than severe sickness. The young
mother vividly remembers that it was
Chamberlain's Cough Remedy that
cured her of croup, and in turn ad-
ministered it to her offspring and al-
ways with the best results. For sale
by druggists. 8

INFLUENZA,

Or La Grippe, though occasionally epi-
demic, is always more or less prevalent.
The best remedy for this complaint
is Ayer's Cherry Pectoral.

"Last Spring, I was taken down with
La Grippe. At times I was completely pro-
strated, and so difficult was my breathing
that my breath seemed as if it passed in an
iron cage. I procured a bottle of Ayer's
Cherry Pectoral, and no sooner had I begun
taking it than relief followed. I could not be-
lieve that the effect would be so rapid and the
cure so complete. It is truly a wonderful me-
dicine."—W. H. WILLIAMS, Crook City, S. D.
